EXPERT ENGINEERING

We turn brilliant ideas into reality. We have engineered concepts from prototype to production. Shanghai Phillips' team of experienced engineers can configure build-to-print concepts or original ideas according to your specifications. We can pull from our vast experience in the aerospace, high-tech, automotive and oil drilling industries and have the resources to develop, analyze and prove designs prior to manufacturing. From fuel-saving components to corrosion inhibiting designs, Shanghai Phillips is committed to manufacturing innovation, quality parts that save our customers time, money, and labor.

我们能够把创新的想法变为现实，把工程概念转化为生产实践。上海飞力普斯的资深工程团队能够将您的想法付诸与形。我们拥有航天，汽车，石油行业的丰富经验，以及先于生产的开发，分析和验证设计的丰富资源。从节能部件到防腐设计，上海飞力普斯致力于生产创新，高质的部件，为顾客节省资金，劳力和宝贵时间。

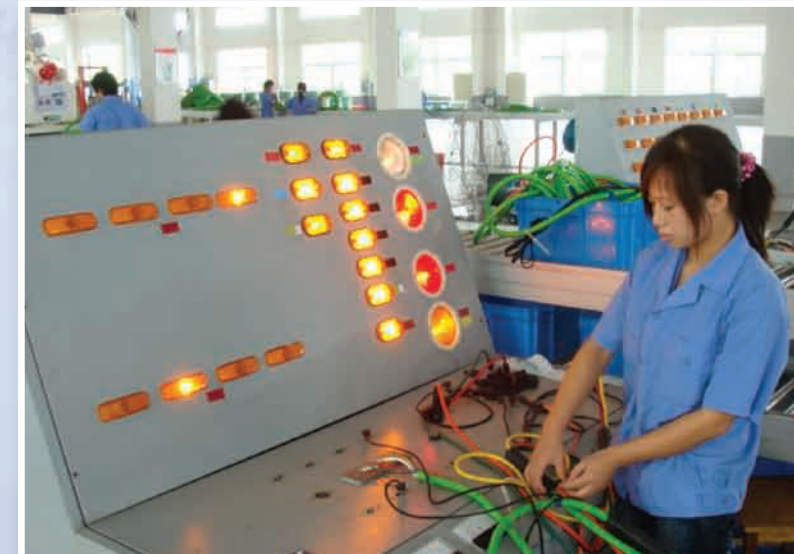

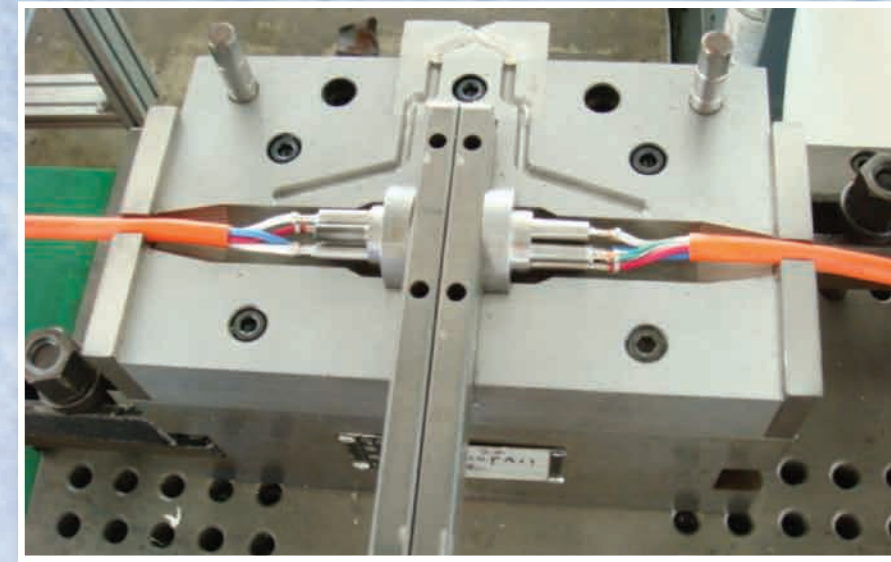

PROCUREMENT POWER

Shanghai Phillips maintains strong relationships with key international suppliers, as well as makers of hard-to-source equipment and aftermarket products. We flex our purchasing power to fulfill your needs at competitive pricing. Shanghai Phillips Customer Service is committed to offering procurement solutions with the fastest turn-around in the industry. Our customers can count on us for special quotes and unique requirements. From global to local, Shanghai Phillips is your source for purchasing.
