Phillips PERMALITE™ LED Limited 3-Year Warranty Agreement

Phillips Industries warrants its recessed PERMALITE™ LED dome lamps to be free from defects in material and workmanship under normal use and service for three years from the manufacture date molded into the housing. During that warranty period, Phillips Industries, at its discretion, will repair any defective part or, if necessary, replace it.

This limited warranty shall not extend to any PERMALITE™ LED dome lamp or any parts thereof in which defects in equipment have been caused by use of incompatible chemicals or cleaners, misuse, neglect, incorrect wiring, water damage, unauthorized alterations or repairs, or damage caused during return shipment due to inadequate packaging or mishandling. This warranty specifically excludes labor. The dome lamp must be installed per manufacturer's instructions, including minimum wire size requirements, minimum voltage requirements and proper circuit protection installed on the trailer. The repair or replacement shall be the exclusive remedy under this agreement and Phillips Industries shall not be responsible for any costs or expenses incidental thereto, including, but not limited to, loss of use of the vehicle, rental of substitute vehicle, towing, labor, loss of time, loss of work, inconvenience, transportation expenses, telephone, lodging, loss of revenue, loss of and/or damage to personal property for or arising out of breach of any express or implied warranty of its products.

This Phillips PERMALITE™ LED warranty is not transferable and only applies to the original installation and purchaser.

All warranted parts shall be returned to Phillips Industries Commercial Vehicle Products Division, 12070 Burke Street, Santa Fe Springs, California 90670, freight prepaid, for evaluation prior to replacement on a Phillips Returned Material Authorization issued through Customer Service at 1-800-423-4512. If, after evaluation, the dome lamp meets all of the above requirements, Phillips Industries will repair or replace the dome lamp and prepay the freight costs for the replacement part, if applicable.
